Good morning, everyone! I'm Samaya Jones, a scientist with the Bahamas Anti-Doping Commission... or BADC for short.

B- A-D-C?

**Clean Sport  
=  
Real Victory**

BADC'S JOB IS TO PROTECT ATHLETES, KEEP SPORTS FAIR, AND LOOK OUT FOR YOUR HEALTH.

**BADC IS HERE TO  
PROTECT ATHLETES,  
CATCH CHEATS,  
AND KEEP  
EVERYONE SAFE.**

Exactly. We make sure no one uses banned drugs or tricks to get ahead.

So... you check if people are cheating?

YEARS BEFORE BADC... SAMAYA WAS JUST A KID FROM ELEUTHERA WHO LOVED TO RUN.

4

EVEN THEN, SHE BELIEVED HOW YOU WIN MATTERS MORE THAN WHAT YOU WIN.

HER LOVE FOR SPORT GREW INTO A LOVE FOR SPORTS SCIENCE AND MEDICINE.

IF A PILL MAKES YOU FASTER TODAY... WHAT DOES IT DO TO YOUR HEART TEN YEARS FROM NOW?

MS. JONES, WELCOME TO THE BAHAMAS ANTI-DOPING COMMISSION.

THANK YOU. I'LL DO EVERYTHING I CAN TO PROTECT OUR ATHLETES.

SHE HAD NO IDEA HOW FAR THAT PROMISE WOULD TAKE HER...

ANNOUNCER : Jayden Rolle takes it! Another national record for The Bahamas!

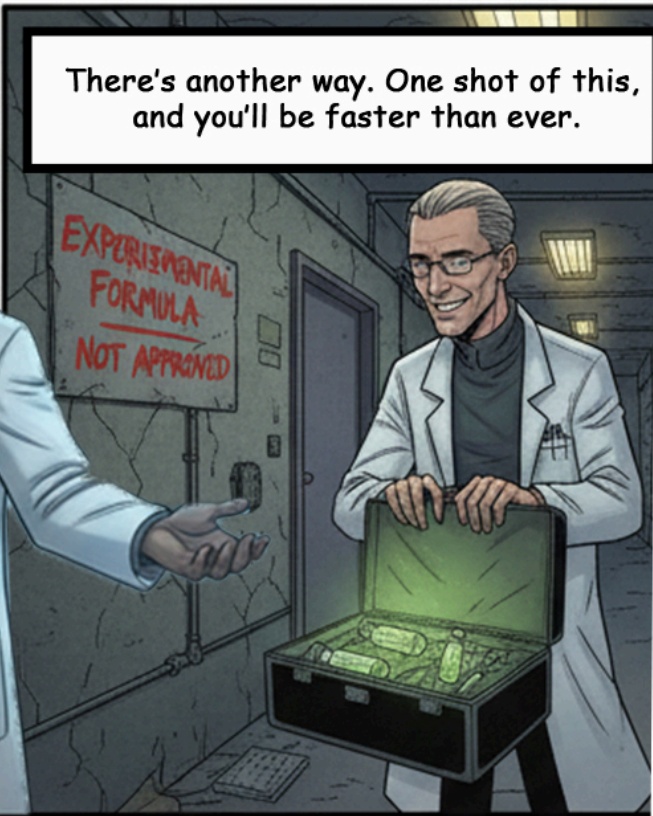

BUT SOMETIMES, EVEN HEROES FALL.

I'm sorry, Jayden. Your leg needs time. You might miss the big meet.

Miss it? That meet is my whole future...

There's another way. One shot of this, and you'll be faster than ever.

Is it... legal?

Let's just say... no test will catch you.

Everyone's counting on me. I can't let them down... Just this once. Then I'll go back to normal.

**SOME LINES, ONCE CROSSED, DON'T DISAPPEAR.**

Incredible... I feel unstoppable!

Wh-what's happening?!

I'll tear the anti-doping system apart and cause major chaos amongst the athletes

The serum twisted his body... and his heart.

*Return to present day...*

**ALERT**

Months later, a storm rolled into BADC.

Let's see how "fair play" works...  
without your precious machines.

Relax, Doc. I just  
came to give your little  
toy some... excitement.

This is a secure area.  
Turn around now!

I got this!

**LET'S MIX SCIENCE WITH CHAOS!**

**9**

It's overloading  
We have to  
evacuate!

If those chemicals reach the  
streets, every athlete in  
The Bahamas is at risk.  
There has to be a way to  
contain this..."

What...

what are you?

From the heart of the reactor...  
...Samaya Jones was reborn as

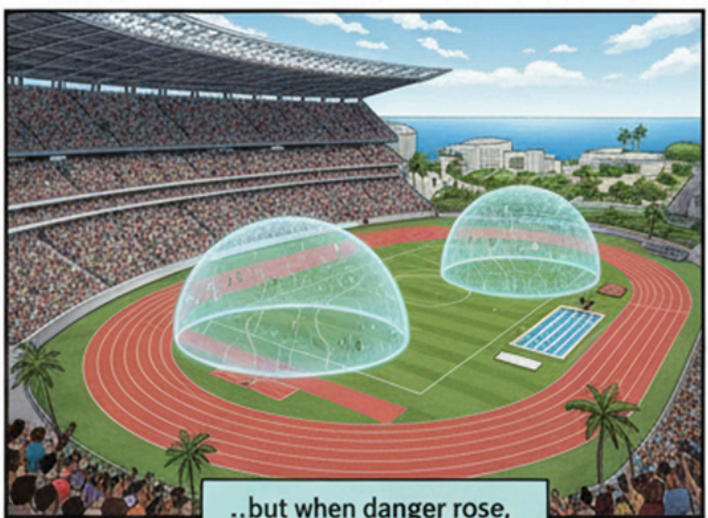

# ASTRAEA

THE GUARDIAN OF CLEAN SPORTS.

Someone who will  
protect our  
athletes.

By day, she continued her work as BADC scientist...

..but when danger rose, she answered as *Astraea*.

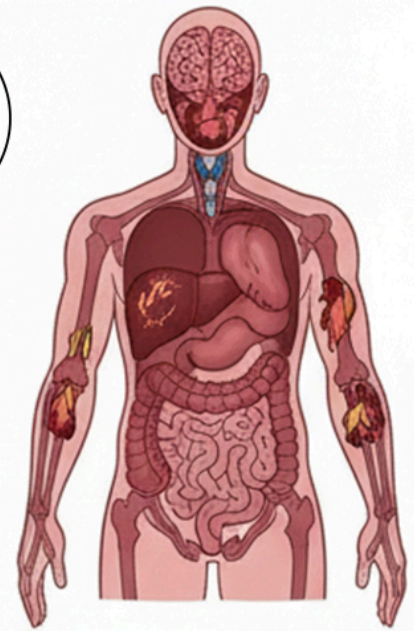

**ASTRAEA:** My mission is simple: protect athletes, stop doping and guard the spirit of clean sports in The Bahamas

And I can't do it alone. Every athlete, coach, and fan has a part to play.

# What is doping?

Right. But others are banned drugs that can damage your heart, brain, and future.

Doping can make you sick, weak, or even end your career.

Don't some things help you to recover?

Your test came back positive. You broke the rules.

Cheating can take away your results, your medals... and your teammates' TRUST.

But... I won...

Real power comes from training, rest and good choices,

Not some secret in a bottle or pill.

You might cross the line first...

...but if you cheated, can you ever be proud?

You have many chances—every practice, every choice. Don't trade your future for a shortcut.

A dirty medal weighs on you. Medals earned fairly lets your heart feel light

MR. CHAOS: THEY THINK THEY CAN SCRUB ME OUT ... THEY HAVEN'T SEEN ANYTHING YET!

MR. CHAOS: (CONT'D)  
TIME TO TURN THEIR OWN HUNGER TO WIN AGAINST THEM.

If athletes won't drink my serum...  
...maybe they'll eat it.

Let's see how long Astraea can keep up...

...when temptation is everywhere.

**ASTRAEA:**  
Join me. Take  
the Fair Play  
Pledge.

Real champions protect their bodies, follow the rules, and ask questions.

## MY FAIR PLAY PLEDGE

I promise to compete clean, respect my body,  
and play fair in every game.
